Good Dental Coverage Does More Than Help You Look and Feel Better.

Everything you demand from dental benefits.

Choice.	Access to one of the largest dental networks in the country.*
Savings.	Every network plan guarantees discounted dental fees.
Service.	Doing business with us is easy.

Research shows that taking care of your teeth and gums may actually help you live longer.

Everything from headaches to stiff necks can be caused by problems with your teeth and gums. Dentists have known that for a while. What we didn't realize was just how seriously oral health problems, especially gum disease, can affect your health. According to the American Dental Association, three out of four Americans suffer from periodontal disease. And researchers at the University of Minnesota recently reported that the infections it causes could lead to blood clots that can cause heart attacks and strokes. The good news is, these infections are easily avoided by visiting the dentist, something Cigna Dental makes easy.

Most dental disease is totally preventable. Of course, you'll need a good dental plan.

Fortunately, you're being offered a Cigna Dental plan that makes it easy and affordable to do the simple things necessary to take care of your health. You'll have access to one of the largest dental networks in the country* at guaranteed savings. And you can be confident that quality management is a high priority. Dentists who serve our members are independent professionals who have met our quality program criteria. This access to care and savings is backed by top-notch service. We help over 12 million** people look and feel better. We can do the same for you.

Plan details

Which plan is right for you? For maximum savings, choose Cigna Dental Care. For a balance of savings and choice, choose Cigna Dental PPO.

Cigna Dental PPO

Visit any dentist in our preferred provider network at a reduced cost. Or visit a non-network dentist. Of course, you'll save more in the network since these dentists have agreed to offer their services to our PPO participants at reduced, contracted fees.

Questions Answered.

Cigna Dental PPO

Do I need a referral to see a specialist?

No. Visit any dentist in or out of the Cigna Dental PPO network based on your needs or your dentist's recommendation.

Will I have to pay more if I visit a non-network dentist?

You may. You'll be reimbursed based on the reasonable and customary fees in your area rather than receiving the special rates network dentists have agreed to charge our participants. If the non-network dentist's fees are higher than reasonable and customary fees, you may be responsible for the difference.

Can I find out what my treatment will cost before I have it?

Yes, your dentist can give you a pre-determination of benefits. He/she will submit your proposed treatment plan to the claim office. The claim office will process it and send your dentist an explanation of benefits which shows what would be covered and how much you would have to pay. You can then discuss your plans for treatment and payment with your dentist as a well-informed patient.
